PASS Group #2

What do we hope to gain from this meeting?

1. Get support from each other and be listened to in a safe space
2. Listen to solutions and ideas from others

Which therapists are experienced with Parental Alienation?

- We need to contact Nefesh and Ohel to conduct workshops for therapists and rabbis. We need to find out which therapists understand and encourage parents to unite with their children.

Unfortunately, it has been noted that some rabbis and school staff seem to encourage alienation.

Here are some rabbis who understand and are helpful with alienation:

- Rabbi Kirsch
- Rabbi Shraga Soloveitchik – 845-659-7367

Therapists who are experienced in alienation:

1. Dr. Norman Blumenthal
2. Dr. Abe Worenklein

How to publicize PA and stop the aiding and abetting of alienators.

How to further this cause?
